STATEMENT REPORT

A.B. RENANTE S. MAGNO

NOV. 2, 2007 AT 2330 HRS, I WAS CALLED UP FOR THE PREPARATION OF THE GANGWAY FOR THE PILOT. AT 0000HRS NOV. 3, 2007 APPROXIMATELY WE START HEAVING ANCHOR AND WE FINISH ABOUT 0100 HRS. AT 0120 HRS. NOV. 3, 2007 THE OFFICER ON WATCH, HE CALLED ME IN THE RADIO, THAT HE NEED ME IN THE BRIDGE AS A LOOK OUT CAUSE THE OTHER WATCH MAN IS ON THE STEERING WHEEL. THE PERSONS IN THE BRIDGE ARE CAPTAIN SECON OFFICER, ME AB AND OS RAAGAS. AS I ARRIVED IN THE BRIDGE I WAIT FOR A FEW MINUTES TO ADJUST MY EYE IN THE DARK.

SO ALL THIS INCIDENT HAPPEN BETWEEN 0130 HRS TO 0200 HRS NOV. 03, 2007, BEFORE WE PICK UP PILOT. WHEN MY EYE ADJUSTED TO THE DARK I USED THE BINOCULAR TO CHECK IF THERE IS ANY TARGET AROUND. I SAW A TARGET TWO POINTS ON OUR STARBOARD BOW WHICH IS THE PILOT BOAT SHOWING WHITE OVER RED ON THE MAST AND A RED SIDE LIGHT. THEN I REPORT TO THEM ABOUT THE TARGET THEN THE CAPTAIN ACKNOWLEDGE IT. THEN I NOTICE THIS LIGHT FLASHING ON OUR ONE POINT STARBOARD BOW FOR ME ITS LIKE A LIGHT HOUSE I TOLD TO SECOND MATE ABOUT IT AND I ASK HIM "IS IT A LIGHT HOUSE SECOND?" AND HE JUST SAID "YES". FOR ME I'M THINKING THAT THEY ARE AWARE OF WHAT THEY ARE DOING SO I KEPT ON WATCHING IT ON THE BINOCULAR. I NOTICE THE SAID LIGHT HOUSE IS GETTING CLOSER ON OUR STARBOARD BOW THEN I TELL TO SECOND OFFICER THAT THE LIGHT HOUSE IS GETTING CLOSER ON OUR STARBOARD BOW THEN SECOND MATE RELAY TO CAPTAIN, THEN I KEPT ON WATCHING IT UNTIL THE SHIP IS PASSING VERY MUCH CLOSE ON OUR STARBOARD SIDE. BECAUSE OF THE LIGHT FLASHING WHICH IS HITTING IN MY EYE I COULDNT REALLY SEE IF WE ARE TOUCHING OR NOT. AND WE JUST FOUND OUT WHEN WE ARRIVED IN PORT. THAT THE LIGHT HOUSE IS REALLY TOUCHING ON OUR STARBOARD SIDE.
