Dear Rob:

I read the draft NTSB factual report sent with your letter of March 16, 2007.

It appears to me that the facts that you chose to present don't represent the full background of events. Also, there are some significant issues that haven't been addressed and it seems to be biased against the two pilots.

We look forward to working with you to resolve these issues.

Respectfully,

Robert Flannery, Captain  
Metro Pilots
