Subject: Re: REQUEST FOR DATA INVOLVING SPECIMEN COLLECTION FROM CREW OF THE AXEL SPIRIT 03NOV2007

Dear-----

The only thing I might add is, I believe we picked up the call to go to the vessel about 16:30. I can't remember if it was on the answering machine or if I spoke with the agent directly. Anyway, that is about the time I spoke with the agent. I told him we were coming from outside of Philadelphia and it would be at least 1 1/2-2 hours before we could get there. I believe we did the collections in the ship's infirmary. I hope this helps somewhat.

Subject: REQUEST FOR DATA INVOLVING SPECIMEN COLLECTION FROM CREW OF THE AXEL SPIRIT 03NOV2007

It was a pleasure talking with you this morning. Pursuant to our discussion, please provide me with any information you may have or recall regarding the specimen collection effort on board the M/V Axel Spirit, 03NOV2007. I already have a copy of the test results from Drug Testing Services (DTS) to the vessel agent, GAC-RUR dated 05NOV2007, and a copy of Invoice #1986 to RUR fo----- s. From the vessel's security gangway log, I have you and the other specimen collector, Mr----- signed onto the vessel on 03NOV2007 at 1840, and then departing at 1930.

I would greatly appreciate a short E-mail or statement on behalf of DTS summarizing your visit to the ship. In particular, the date, time and circumstances surrounding the initial request from the agent for these services, details on the specimen collection effort once your team got on board, and any other information you feel would be meaningful.

Thanks! -----
