

Your name and contact number for follow up questions. Capt Paul Lobo 7 [REDACTED]

Name of vessel. Sea-Land Meteor

Location of vessel. Oakland 23

Scheduled departure time. 0600

Where bound. Sea

Status of ship's equipment (Operating OK ?) Yes

Was ship equipped with ECDIS of electronic charting? yes

When did ship finally get underway. I think 1200 but not with me

Visibility when ship got underway. don't know

Why was decision made to delay sailing, or divert to anchor. I did not have enough visibility to turn the vessel around. The decision to release me at 0900 was based on the cost of having tugs standing by
