

Pilot-Controller Communications

NTSB Safety Forum on Professionalism
and Excellence in Aviation
May 18–20, 2010

Capt. Tim Flaherty
Chairman, Air Traffic Services Group
Air Line Pilots Association, Int'l

An Overview

- Accurate, concise communications is a foundation of safety
- Accidents/incidents caused by poor communications
- Lack of English proficiency
- Biggest issues:
 - Radio discipline
 - Standard phraseology
- Understand each other's role

Recommendations

- ▶ Greater emphasis on English language proficiency
- ▶ Enhance understanding of each other's roles
 - Restore controllers' familiarization flights

Thank You

Capt. Tim Flaherty
Chairman, Air Traffic Services Group
