## Safety Recommendation

---

**Date:** June 9, 2016

**In reply refer to:** R-16-41

The Honorable James Kenney  
Mayor of Philadelphia  
City Hall  
Office 215  
Philadelphia, PA 19107

---

The National Transportation Safety Board (NTSB) is an independent federal agency charged by Congress with investigating every civil aviation accident in the United States and significant accidents in other modes of transportation—railroad, highway, marine, and pipeline. We determine the probable cause of the accidents and issue safety recommendations aimed at preventing future accidents. In addition, we carry out special studies concerning transportation safety and coordinate the resources of the federal government and other organizations to provide assistance to victims and their family members affected by major transportation disasters. We are providing the following information to urge the mayor of Philadelphia to take action on the safety recommendation being issued in this letter.

On May 17, 2016, we adopted our report concerning the May 12, 2015, accident in which Amtrak passenger train 188 derailed in Philadelphia, Pennsylvania.<sup>1</sup> Additional information about this accident and the resulting recommendations may be found in the report of the investigation, which can be accessed at our website, <http://www.nts.gov>, under report number RAR-16/02.

As a result of this investigation, we reiterated Safety Recommendation R-14-74 to the Federal Railroad Administration; reclassified Safety Recommendations R-15-28, R-15-29, and R-15-30 to Amtrak; closed Safety Recommendation R-13-23 to the Federal Railroad Administration; and issued 11 new safety recommendations, including five to the Federal Railroad Administration; one to Amtrak; one to the National Association of State EMS Officials, the National Volunteer Fire Council, the National Emergency Management Association, the

National Association of EMS Physicians, the International Association of Chiefs of Police, and the International Association of Fire Chiefs; one to the Association of American Railroads and the American Public Transportation Association; two to the Philadelphia Police Department, the Philadelphia Fire Department, and the Philadelphia Office of Emergency Management; and the following safety recommendation to the mayor of Philadelphia:

R-16-41

Facilitate the collaboration among the Philadelphia Police Department, Philadelphia Fire Department, and Office of Emergency Management to develop a plan that effectively integrates police transport of patients into the emergency medical response plans for large mass casualty incidents and to practice the plan periodically, including at least one full-scale drill every 3 years.

Chairman HART, Vice Chairman DINH-ZARR, and Members SUMWALT and WEENER concurred in these recommendations.

The NTSB is vitally interested in this recommendation because it is designed to prevent accidents and save lives. We would appreciate receiving a response from you within 90 days detailing the actions you have taken or intend to take to implement it. When replying, please refer to the safety recommendation by number. We encourage you to submit your response electronically to [correspondence@ntsb.gov](mailto:correspondence@ntsb.gov). If it exceeds 10 megabytes, including attachments, please e-mail us at the same address for instructions. Please do not submit both an electronic copy and a hard copy of the same response.
